Make Vermont free of secret police

Here is a package of legal, policy, and educational steps that our elected officials can take to limit the damage caused by ICE as it tries to terrorize our neighbors.

- Publicly condemn ICE disappearances, masked enforcement, and political retaliation.
- Pass legislation to ban masks and anonymized uniforms for all law enforcement in Vermont and requiring visible ID with agency affiliation during any public interaction or arrest.
- Ban local law enforcement and public institutions from cooperating with ICE or others involved in immigration raids or political targeting.
- Insist that state and local agencies not share license plate data, DMV info, and university records with federal agents.
- Fully fund legal defense services for immigrants detained by federal agents.
